## WORK EXPERIENCE

### Frontend Developer

Hnh Soft Tech Solutions

May 2022 - Present | karachi

#### Key Responsibilities & Achievements:

- Developed and maintained high-performance web applications using React, Next.js, and Vite.
- Translated UI/UX designs from Figma into responsive, interactive, and pixel-perfect web interfaces.
- Implemented API integrations (RESTful APIs) for dynamic data handling, authentication flows, and real-time features.
- Built reusable components and optimized front-end architecture to improve code maintainability and app scalability.
- Collaborated with cross-functional teams including designers and backend developers to deliver projects on time
